If the ball hits the net or the net cables on a serve, it is "OUT". On a return of serve and thereafter, if the ball hits the net or the net cables it is still "IN PLAY". Blocking or attacking a serve is not allowed. First violation by a team in a game will be a warning resulting in a replay. Subsequent violations will result in a point being awarded to the serving team.

### Game Rules:

"Ball On" will only be called if the ball interferes with play or if the ball becomes a safety hazard. Players may not enter another court during, before, or after an attempt to play the ball. Players can play, but not attack, serve or spike the ball from outside the court. All substitutions must be made into serving position. Subs will leave the game from the front right position. Substitutes will enter into the back right position just prior to serving. All players don't have to sub OUT, and players may substitute back IN, in any order, provided two females remain in at all times. Players will rotate clock-wise before each serve, inc: after the first side-out in a game. Players must keep proper relative position before each serve. Only front row players may attack or block the ball when it is above the height of the net. All net violations will be called. Hair touching is not a violation. Clothing touching is a violation. If the ball hits mud before hitting solid ground, it's "IN". Ref ALWAYS makes final call. If the ball hits a pole or its support cables, it is "OUT". Players may not reach across the net to attack a ball. Players may reach across the net to block a ball, provided that attacking team does not have a play on the ball or has used their three team hits. Max of 3 team hits per side. Female does NOT have to touch ball. A block does NOT count as hit. The ball may be played by any part of the body, as long as it is not held or thrown. Obvious carries or lifts should be called. Double hits are allowed on any first ball over the net that does not involve finger action, as long as the double hit occurs during one attempt to play the ball. Incidental contact under the net is not a fault. Players may cross under the net as long as they don't interfere with players on the opposing team. The opposing player does not have to be making a play on the ball for there to be interference. Interference will be determined by the referee.
